Sustainability in Action: Nature's Circular Future

MESSAGE FROM THE DIRECTOR

Mr.B.Dharmaraj

Dear Team,

As we close January 2026, I take this opportunity to reflect on a month marked by strong performance, disciplined execution, and collective commitment across Zigma.

Our progress in operational efficiency, digital integration, safety excellence, and sustainability initiatives demonstrates the strength of our teams and the clarity of our purpose. From achieving significant year-on-year growth to advancing biominer, ERP automation, and safety practices across sites, every milestone reflects teamwork and accountability in action.

I sincerely appreciate the dedication shown by our employees across all functions and locations. Your consistent efforts continue to strengthen Zigma's position as a responsible, future-ready organization contributing meaningfully to India's circular economy.

As we step into the coming months, let us stay focused on execution excellence, innovation, and safety—while continuing to create long-term environmental and social value.

Company Performance Overview

We are delighted to share that our company has achieved a 77% Year-on-Year Growth, reflecting significant improvements in efficiency and overall performance.

This milestone highlights the dedication of our team and our continued commitment to driving excellence.

77%

Year on Year Growth

Key Metric: Efficiency Improvement

Departmental Highlights

Operation-Biomining

Key Achievements

Inward target Vs Achievement

We are pleased to inform you that Phase 2 has been successfully completed across the AP Cluster, covering Srikalahasti, Chittoor, Kavali, and Gudur. This achievement reflects the strong coordination, dedicated efforts, and consistent follow-up by the entire team  involved. The smooth execution and timely completion of this phase demonstrate our commitment to operational excellence and effective project management. We sincerely appreciate the support and cooperation of all stakeholders who contributed to making this milestone a success

Performance Metrics

against commitment

HR Department

Key Achievements

-  Induction training sessions for new joiners will be conducted to ensure a structured onboarding experience and alignment with organizational processes and culture.
-  Pongal celebrations were conducted at the workplace, promoting cultural values, team spirit, and employee engagement.
-  Republic Day was observed with pride, reinforcing national values, unity, and a shared commitment to responsibility and excellence.

Performance Metrics
88%
against commitment

Earthmovers Department

Key Achievements

- ★ Delivered high-impact EM operations in Jan-2026 with strong cost discipline and execution stability.
- ★ Handled 5.18 lakh MT with total EM expenses contained at ₹9.71 Cr.
- ★ Achieved competitive EM PTC of ₹187.5/MT and ₹160.9/MT excluding disposal support.
- ★ Improved end-to-end productivity across loading, disposal, RDF handling, and pre-processing cycles.
- ★ Established benchmark site performance at Guwahati, Kodungaiyur-P6, Tirupati, and Visakhapatnam.
- ★ Increased equipment utilization and faster cycle times across major work fronts.
- ★ Reduced EM hours, diesel consumption, and equipment hire costs through process optimization.
- ★ Created a repeatable best-practice model for cross-site rollout and sustained monthly savings.

Purchase Department

Key Achievements

- ★ As the first step of our 5S implementation activity, we have developed a tagging system for all of our sites.
- ★ This system is designed to identify the condition of materials on the spot, clearly indicating whether items are in working or not. This initiative will help improve organization and efficiency across our operations.

Key Achievements

HARDWARE

- ☆ Successfully serviced and reused over 30+ cameras, improving asset utilization.
- ☆ Restored and fixed dual screens for coordinators, enhancing operational monitoring and support.
- ☆ Completed Makarpura PL-2 IT material arrangement using existing resources, ensuring optimal reuse of materials.

SOFTWARE

- ☆ FTC Payroll Closure: December FTC salary was successfully processed and disbursed through the payroll system, ensuring timely closure and statutory compliance.
- ☆ AFR & Material Movement Enablement: Gate Entry for Material Movement and AFR modules have gone live. User training has been completed, driving faster adoption and stable operations.
- ☆ WB & GPS Data Integration: APIs for Weighbridge (WB) and vehicle GPS data of BPB have been successfully shared with the Authority, enabling real-time data exchange, transparency, and system-level integration.

SURVEILLANCE

- ☆ During January, a total of 154 site-wise issues were identified, categorized, and documented with proper date-wise tracking.
- ☆ 52 job card were generated during the month, out of which 51 job card were successfully completed within the same period.
- ☆ A total of 112 unsafe acts and unsafe conditions were identified across various sites, and 105 cases were effectively closed during January.
- ☆ The number of offline cameras was significantly reduced, achieving 99% camera uptime, with only 1% cameras remaining offline.
- ☆ All dedicated WB NVRs at operational sites were online and functioning properly throughout the month. Recording was active, and no issues were reported.

Safety Department

Key Achievements

January was observed as Road Safety Month across all our Bio-mining sites, with a strong focus on promoting safe practices and employee awareness. We are proud to ☆ report that our teams continue to prioritize safety, with zero Lost Time Injuries (LTI) recorded during the month. Thank you to everyone for your commitment, vigilance, and responsible behaviour at work.

Road Safety Month Activities

- Road Safety Training conducted across sites
- Road Safety awareness banners displayed at all locations
- Road Safety badges distributed to employees
- Road Safety pledge taken by employees
- Drawing competition conducted, with winners recognized and awarded

Audits & Meetings

- ESAP Audit and PMC Audit successfully completed at KDG site
- Safety Committee Meeting conducted
- ESG Steering Committee Meeting conducted

These initiatives reflect our ongoing commitment to safety, compliance, and continuous improvement.

Safety Spotlight

- Zero Lost Time Injuries (LTI) achieved through collective effort
- Strong participation in Road Safety Month activities across all sites
- Successful completion of ESAP and PMC audits at KDG site

Training on Road Safety

National Road Safety Month (January 1st-31st)

Road Safety Program

Road Safety Month is observed to reinforce the importance of responsible and disciplined driving. Every individual on the road—drivers, riders, pedestrians, and passengers—shares accountability in preventing accidents and ensuring safe mobility. Adhering to speed limits, wearing helmets and seatbelts, avoiding mobile phone usage while driving, and strictly following traffic signals are fundamental practices that save lives.

Organizations and individuals must promote a culture of defensive driving, regular vehicle maintenance, and zero tolerance for drunk driving. Road safety is not just a rule—it is a responsibility. Safe driving protects lives, families, and communities. Let us commit to making every journey safe, compliant, and accident-free.

Carbon Mitigation by Processing Legacy Waste

Zigma has mitigated **4,70,534.36** tons (**0.47 million MT**) of CO₂ emissions by processing **6,79,472.00 MT** (**0.68 million MT**) of legacy waste January 2026.

Carbon Sequestered by

471,974 acres
of US forests
in one year

GHG Emissions avoided by

Induction Training Program

The induction training program for new joiners was successfully conducted on January. The session was designed to onboard employees into the organization's culture, policies, and operational processes, enabling a smooth transition and faster alignment with organizational objectives.

Republic Day Celebration

Republic Day was celebrated at our office with pride and patriotic spirit, beginning with the national flag unfurled and the National Anthem, followed by a brief address emphasizing unity, integrity, and constitutional values. The event reinforced our collective commitment to excellence, discipline, and contributing responsibly toward India's sustainable growth and nation-building efforts.

Birthday Celebration

Birthday celebrations were conducted during the month, bringing employees together in a cheerful and engaging atmosphere. The occasion provided an opportunity to appreciate team members and strengthen workplace bonding. Such moments promote positivity, collaboration, and a people-centric culture across the organization.

Rewards and Recognition

Performance deserves visibility. The Rewards and Recognition initiative highlights employees who consistently demonstrate ownership, innovation, teamwork, and operational excellence. By acknowledging outstanding contributions, the program reinforces a culture of accountability and high performance. Congratulations to our achievers for setting new benchmarks and driving the organization forward with commitment and impact.

In The News of January 2026

What a proud moment for all of us. Anand Mahindra tweets about Perungudi!

When leaders recognise impact, it validates purpose.

We are proud to see the Chennai Perungudi bio-mining project acknowledged by Padma Bhushan Anand Mahindra .

Executed by Zigma, a Blue Planet Group company, this landmark initiative demonstrates how scientific bio-mining and sustainable waste management can transform legacy dump sites into engines of urban renewal.

Recognition like this reinforces our commitment to building scalable, compliant, and future-ready solutions that help cities move decisively towards cleaner and more resilient environments.

From Intent to Execution: Reframing India's Waste Management Model

India's solid waste management challenge is not a question of intent, but of mechanism, accountability, and execution.

At The Hindu Sustainability Dialogues 2026, Mr. Nagesh Prabhu Chinivarth, Co-Founder and Director – Sales and Marketing, Zigma Global, articulated a critical gap in the waste-to-wealth discourse. He underscored that the concept loses relevance once waste reaches dumping sites and can only deliver outcomes through robust door-to-door collection systems and effective local segregation.

He further emphasised the need for citizen accountability, noting that sustainable behaviour change emerges only when responsibility is not entirely transferred to civic bodies, but shared equally by citizens and local authorities.

Zigma continues to advocate for structured, decentralized, and process-driven waste management systems that address inefficiencies at the source and enable measurable, long-term impact.

THE HINDU SUSTAINABILITY DIALOGUES 2026

Shoddy waste management should be blamed on lack of proper mechanism: experts

The panellists listed the gaps in strategy, policy, and implementation of schemes, while acknowledging some of the positive models that have made an impact, like the indore project and the decentralised model in Noida

Ashokkumar Veeramuthu, Head, Centre for Waste Management and Renewable Energy, SIMATS; Nagesh Prabhu Chinivarth, Director-Sales and Marketing, Zigma Global Environ Solutions; and Janani Venkitesh, secretary, Residents of Kasturba Nagar Association, at a panel discussion on Tuesday. | Photo Credit: B. VELANKANNI RAJ

India's problems in managing its solid waste stems from its inability to develop a mechanism and infrastructure for handling garbage to indifference on the part of the civil society, speakers said at a panel discussion on 'Future of Waste Management Innovation, Technology, and ...[Read more](#)

Blood Donation Support

A commendable act of humanity was demonstrated by Mr. Naina Mohamed S (HR Executive – Head Office), who voluntarily donated blood to support the husband of our Head Office housekeeping staff member, Mrs. Kanthamani D, during a critical surgery in Erode.

His timely assistance and willingness to help beyond professional responsibilities reflects strong compassion, social responsibility, and employee solidarity. Such meaningful actions reinforce a caring workplace culture and set a positive example across the organization.
